Looking to Alexandria.

Mr. M. B. Harlow, president of the isiness Men's League, has received a Business Men's League, has received a long letter from Mr. M. V. Richards, land and industrial agent of the Southern Railway Company, in regard to Alexan-dria as a suitable place for manufactur-ing plants. Mr. Richards in his letter says he has often endeavored to attract the attention of manufacturers to Alex-andria, but that their invariable reply is: "The place is well located, but the town is dead, and we do not care to consider locating in a place where the local people do not take a more active interest in the development of their town." The writer makes several suggestions as to what should be done to prevent a repetition of such an observation, and says he is in communication with some manufacturers who are looking for a and found Dix's lifeless body in the tub. he is in communication with some manufacturers who are looking for a site in the South, and that they might be induced to locate here if certain inducements were offered, first of which would be the furnishing for which would be the furnishing to have located as a locate here if certain inducements were offered, first of which would be the furnishing to have located as a locate here and the hands were over the face and the hands were over the hands were over the hands were over the hands were over the face and the hands were over the about six hundred female operatives. Richards concludes his letter by ag: "Unless the substantial citiaying: "Unless the substantial citi-zers of Alexandria will get behind this industrial movement and give it then best moral support and, if neces-sary, their financial support, along practical lines, we might just as well abandon any effort to secure new in the been knocked from the bottom of the tub by the feet of the drowning man, or dustries for your city." Fatal Accident at Fort Myer.

One soldier was killed and four more injured at Fort Myer Monday afternoon during an exhibition drill which was being given by a battery of artillery preparatory to attending the military nament at Madison Square Garden, New York, next week. Patrick Slavin, of Washington, D. C., a corporal, was killed and four men wounded. The drill Monday, at which the fatal accident occurred, was the final test for the selection of the battery to go to New York and represent the army at the tournament at Madison Square Garden, and officers and men were keyed up to the highest pitch. In turning a corner during a rapid movement the gun on which Slavin and the other four men were seated slipped and upset; the men were thrown under the gun, and Corporal

Price Fixed by Commission.

The commission appointed to appraise 100 acres of land belonging to J. R. Miller, adjoining Fort Hunt, below this city, and which is wanted by the United States government as additional ground for the fort, was in session nearly all day yesterday in the U. S. courtroom in this city. After hearing the testimony of of a large number of witnesses the commission fixed upon the sum of \$28,800 as just compensation for the property-\$200 per acre for the land and \$8,800 for the buildings, machinery, &c. It is reported that Mr. Miller will appeal from the decision of the commis-sion. The ground which is wanted by the government is brick-clay land and is valued by Mr. Miller at \$50,000.

SUICIDE OF GEORGE W. DIX.

Former Lettercarrier Found Dead in a Bath Tub Early this Morning-Every Evidence of Suicide.

Early this morning a report was cir-culated throughout the city to the effect that George W. Dix, an ex-lettercarrier that George W. Dix, an ex-lettercarrier and at one time treasurer of Osceola Tribe of Red Men, had committed suicide by drowning himself in a bath tub at his home, 213 north Pitt street. It was at first supposed that some one had started a cruel hoax, it being the first of started a cruei noax, it being the first of April, and most people being on the alert, they paid little attention to the matter until the report was fully cor-roborated by several persons who had entered the house and viewed Dix's life-less hody. less body.

The circumstances in connection with the suicide are as follows: About twenty minutes past six o'clock this morning Mrs. Sherwood, wife of Officer Sherwood, who lives in the neighborhood, was startled by Mrs. Dix, mother of the deceased, coming to her house and stating that her son was dead and asking her to come over to the house quickly. Mrs. Sherwood hastened to impart the news to her husband, who was in the house at against the side of the tub, causing the suggestion that there had been a struggle before death ensued. Most of the water, strange to say, had run out of the tub, although the appearance of the corpse gave every indication of death by drowning. The plug may have been knocked from the bottom of the his terror-stricken mother may have pulled it out as soon as she entered the oom, although in her terrible anguish she has but a vague idea of her procedure when she realized her son was dead.

Officer Sherwood, who had in the meantime summoned assistance, removed the corpse from the tub to the bed, and notified Dr. W. R. Purvis, the Coroner, who later viewed the body and heard all the statements in connection with the matter. He decided that an inquest was unnecessary. It had been surmised that Dix swallowed some deadly drug before entering the tub, but the coroner saw no evidence of that fact.

MEDICINAL.

Your Friends and Neighbors in Alexandria will Show You How.

Rubbing the back won't cure backache, A liniment may relieve, but can't cure. Backache comes from the inside—from the kidneys.
Doan's Kidney Pills get inside—They care sick kidneys.
Here is Alexandria proof that this is so:
Mrs. Felix Clauss, wife of Felix Clauss, steward, residence 338 south Patrick street corner of Wolfe, says: "Pain across my back was unusually severe after a hard day's work or if I stood any length of time it became so acute that I grew nervous and restless. At night when one expects rest and comfort that was the very place it never came and as if backache were not enough to torment the ordinary mortal, trouble with the kidney secretions were added to it despite the first that I used medicines, all of them standard, and all guaranteed to stop just such coap lications. I had given up the idea of ever becoming well and expecting little, but hoping for much when I read an advertisement about Doan's Kidney Pills. I went to E. S. Leadbeater & Sons' drugstore for a box and commenced the treatment. I had very little faith in the remedy but I am forced to confess that it acts as represented. Good sound refreshing sleep followed its use and that itself brought returning strength and as the action and condition of the kidneys' secretions improved, the aching lessened and finally disappeared."

A Humorous Mixture. In a Scotch church an old minister who was very deaf was also very anx-

lous to introduce some new hymnbooks into the church and asked his precentor to give out the notice immediately after the sermon. The precentor, having a notice of his own, gave out that members of the congregation wishing to have their children baptized were to send their names into the vestry. The old minister, thinking that it was the notice about the hymnbooks, stood up and said, "And I wish to say, for the benefit of those who have not any, that they may be had in the vestry any afternoon, between the hours of 3 and 4-ordinary little ones at a shilling each, and special little ones, with red

backs, at one and three." It pays to think. It is like putting money out at interest. Dollars make dollars, and thoughts make other thoughts. We are so accustomed to having this old world reward us for things we do in dollars that we forget there is such a reward as brains-mental growth. Happy the one who sees all these things in their proper light, who recognizes in every failure a lesson learned, in every effort a reward, be it only a little speck of mental

And with Gloves and Parasols and Neckfixings and Handkerchiefs and Hosiery and Shoes and Men's Hats—the whole range of springtime apparel for men, women and children—the assortments are splendidly complete.

complete.

Easter gift things, appropriate and beautiful, all over the store.

Our New Department of Men's Hats.

We are showing the most advanced shapes and colors in Soft and Stiff Hats, among them being the "Falcon," an odd, restful shade, which is destined to become very popular. Prices, \$2, \$3, \$4 and \$5.

The "Arrington," the new shape for young Lansburgh& Bro., Entrances on 10th and F streets.

Upholstery Goods,

Lace and Muslin Curtains, Portieres, Window Shades, Box Couches, Metal Bedsteads, Mattresses, etc. The goods are of a high character, some being ends of lines, small lots, to be discontinued patterns, etc., from our own regular stock; and some we have just closed out from manufacturers at a price concession. We offer many of them at Half Price. Some at Nearly Half.
